Experience

Code Geeks, Holy Angel University — Officer of Communication and Records

June 2025 - March 2026

Managed organizational communications, maintained official records and documentation, and coordinated with members, advisers, and university offices to support organizational activities and student engagement.

School of Computing, Holy Angel University — Community Extension Staff

June 2024 - March 2025

Assisted in organizing community outreach programs and university events while promoting technology literacy and collaboration among students, faculty, and local communities.

Commission on Student Organizations (CSO), Holy Angel University — Commissioner, School of Computing

June 2024 - March 2025

Oversaw student organizations within the School of Computing, facilitated accreditation processes, and promoted collaboration, leadership, and student participation.

School of Computing, Holy Angel University — Finance Staff

JUNE 2023 - APRIL 2024

Assisted in managing financial records, budget monitoring, and event-related expenses while supporting administrative and organizational operations.

Projects

Laney's E-Portfolio — Personal Portfolio Website

Designed and developed a responsive portfolio website to showcase my projects, skills, and achievements, with a focus on user-friendly navigation and modern web design.

MJ Quality Cars — Car Dealership Website

Created UI/UX wireframes and contributed to website content and documentation, focusing on improving usability, visual appeal, and the overall user experience.

SplitSmart — Web-Based Bill-Splitting System

Collaborated with a student team in designing a web-based bill-splitting application, contributing to interface planning, user experience design, and project documentation.

StudioSpot — Studio Rental Management System

Contributed to the UI/UX design and documentation of a studio rental management system, focusing on intuitive user flows and a seamless booking experience.

PookieEater — Cookie Website Prototype

Designed and developed a responsive website prototype for a homemade cookie business, showcasing products and customer reviews with a focus on accessibility and user engagement.
